Mayor and Council
City of Gainesville

Ladies and Gentlemen:

Please accept my resignation as City Manager effective immediately in order for me to attend to my elderly parents in South Carolina who are in declining health, and to later pursue other professional opportunities.

I understand I will receive my compensation and benefits for the following six months as provided by my employment contract.

I have enjoyed my association with the City for many years. I appreciate the opportunity to have served the Council and the Citizens of Gainesville.

Sincerely,
