

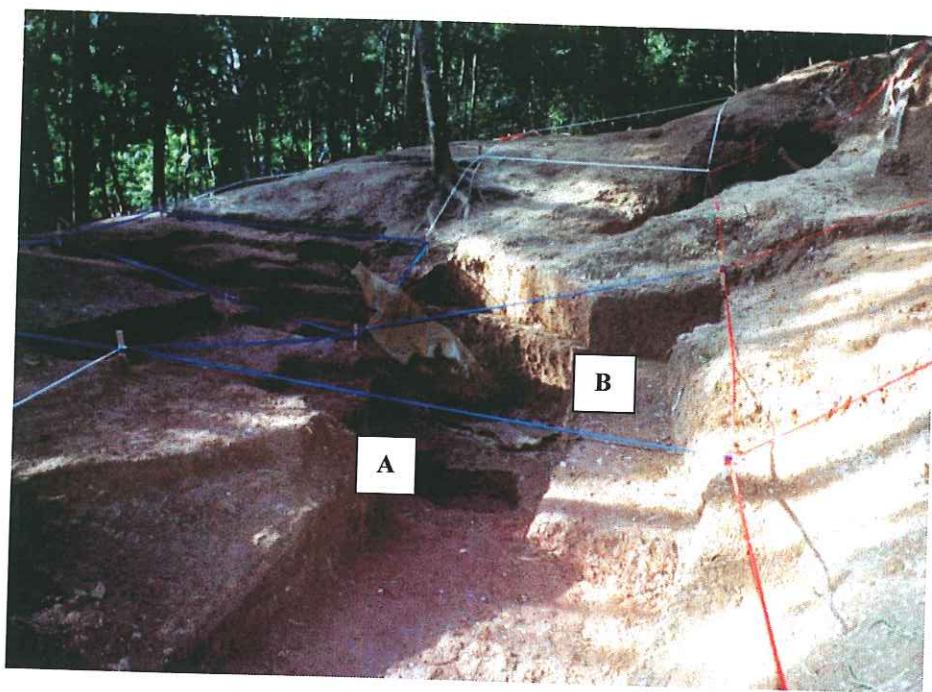

**Figure 18.** View southwest of westernmost units in Locus A after excavation during the 70th JFA.

**Figure 19.** View west of the impact crater and western units (wet screen station in background). Units excavated during the 69th JFA are lined in red; units that contained possible osseous material are marked with blue.

**Figure 20. View north of impact crater after excavation during the 70th JFA. ("A" depicts area where possible dental remains and ID tags for PATE, GARY were recovered from 30-80 cm BS. "B" indicates exposed aircraft metal in southwest quad of N512/E496. Possible osseous material and possible dental material were recovered from this area.)**

**Figure 21. View east of units completed during the 69th and 70th JFAs.**

**Table 3. Personal effects and individual rear recovered during the 70th JFA and accessioned as CILHI 2002-091.**

Item(s)	Provenience
One portion of an ID tag bearing the following information:  PATE, GARY AF14931577 T-65 A POS BAPTIST	N508/E496
One complete ID tag bearing the identical information for "PATE, GARY"	N508/E496
One section of ID tag chain	N508/E496
Seven possible U.S. pennies (unreadable dates)	Multiple
One U.S. dime dated 1965	N512/E496
Two U.S. quarters dated 1965 and 1966	N512/E488; N508/E496
One silver-colored and gold-colored metal watch bearing the manufacturer's name "Hamilton."	N564/E444 (Locus B)
One silver-colored metal segment of a watchband bearing the manufacturer's name "SPEIDEL."	N508/E492
One segment of a silver-colored watchband with the lettering "STAINLESS STEEL" on one side.	N512/E476
Silver-colored metal watchband segment(s)	N512/E488
One portion of possible eyeglass frame (black)	N508/E476
Two small metal keys: one with "17" in lettering on one face.	N508/E496
One fragment of a plastic card with the raised numbers "...647...."	N508/E496

**Table 4. Unilateral turnovers received during the 70th JFA and accessioned as CILHI 2002-091.**

Item(s)	Provenience (purported)
A segment of possible ID tag chain	Locus B: N568/E464
A segment of silver-colored metal chain (ball dimensions are larger than the possible identification tag chain)	Locus A: N516/E496, SW quad
One nickel (unreadable date)	Locus B: No specific location
One fragment of possible osseous material	Locus B: No specific location

During the 70th JFA the team photographed and left in place a portion of white plastic utensil.

**Table 5. Possible aircrew-related items recovered during the 70th JFA and retained at JTF-FA.**

Item(s)	Provenience
Multiple pieces of canopy material	Parachute material was ubiquitous (within every excavated unit)
Multiple CO <sub>2</sub> cartridge bottles	N496/E476, N512/E476, N504/E476, N508/E496
Multiple pieces of life preserver components	N508/E480, N508/E476, N502/E464, N508/E488, N504/E492
Survival vest material/components	N508/E480 (w/ holster), N564/E444, N556/E458, N556/E452, N508/E488 (w/ holster), N512/E496
Two hook blade knife handles	N560/E452, N508/E480
Multiple pieces of boot/sole material	N508/E480, N508/E492
Multiple snaphooks	N508/E476, N504/E488, N564/E444
Multiple pieces of life raft material	Present in multiple (+15) units
Multiple pieces of O <sub>2</sub> hose	N504/E472 (N1/2), N568/E464, N508/E488, N564/E444, N512/E488, N508/E496, N560/E460, N508/E492
One fragment of a U.S. knife	N512/E476
One data plate/hot air check	N508/E476
Multiple parachute "D" rings	N504/E488, N504/E492, N508/E492
Multiple pieces of unidentified possible uniform material	N556/E452, N508/E476
Multiple pieces of parachute riser assembly	N560/E462, N560/E448, N508/E488, N512/E492
One piece of parachute container assembly	N556/E452
One uniform button	N512/E476
Two pieces of topographical map (Laos and Vietnam)	N504/E492
One piece of J-1 parachute canopy release	N504/E488
One portion of shoe lace	N504/E488
One piece of distillation kit	N568/E444 (S1/2)
Multiple pieces of zipper	N564/E488, N564/E444, N564/E452, N560/E458
One piece of fire starter	N564/E488
Multiple pieces of communication cord plug components	N564/E444
One piece of iodine bottle label	N512/E488
One piece of poss. "Hot-Wet" survival guide	N508/E488
Multiple buttons	N512/E496, N508/E496, N464/E444, N512/E492
One individual desalter pack	N508/E496
One piece of head set communication cord	N560/E458
One portion of can opener	N564/E452
One portion of leather glove	N508/E480
Two small glass bottles (possible for iodine)	N500/E488, N504/E488
Three possible ejector snaps	N508/E492, N512/E492, N504/E472
One radio beacon case	N508/E496
One portion of an earplug	N512/E492, SW Quad
Possible helmet strap	N550/E452
